

SACRED JOURNEY HOSPICE

Living life's journey with comfort, care,
and compassion...in your home or in ours.

Ask yourself these questions regarding your patient:	YES	NO
1. Has patient had more than two hospitalizations for the same reason in the last 12 months?		
2. Without dieting, has the patient lost more than 10% of his/her body weight in the last six months?		
3. Has the patient had multiple falls in the last few months?		
4. Did the patient begin continuously wearing oxygen in the last few months?		
5. Has the patient lost the ability to walk in the last six months?		
6. Has the patient lost the ability to bathe themselves in the last six months?		
7. Has the patient become incontinent in the last six months?		
8. Has the patient lost the ability to feed themselves in the last six months?		
9. Has the patient lost the ability to communicate in the last six months?		
10. Has the patient become bed bound in the last six months?		
11. Has the patient had aspiration pneumonia in the last six months?		
12. Has the patient had a urinary tract infection in the last six months?		
13. Does the patient have a new decubitus ulcer?		
14. Is the patients palliative performance scale less than 40%?		

If you answered "yes" to four or more questions, then your patient is eligible for a hospice evaluation. Please contact Sacred Journey Hospice at 678-583-0717 to speak with the Admissions Coordinator.

Ask yourself these questions regarding your patient:	YES	NO
1. If the patient has been diagnosed with cancer and is declining treatment.		
2. If the patient has been told they need dialysis and have declined it or have stopped dialysis.		
3. If the patient has become unable to swallow food and is refusing a feeding tube.		
4. If the patient has an ejection fraction of less than 20% on an echo chart.		

If any of the above apply to your patient, then your patient is eligible for a hospice evaluation. Please contact Sacred Journey Hospice at 678-583-0717 to speak with the Admissions Coordinator.
